ABOUT ME

Hi, I'm Warisha 🙋

I'm a Computer Science graduate based in Karachi with a strong interest in social media management and digital content. I plan content calendars, design posts in Canva, edit short-form video in CapCut, and write captions that sound like a real brand voice — not a template. This portfolio walks through a sample project I built end-to-end for a fictional SaaS startup, FlowSpace, to demonstrate how I approach a client's content from strategy through to final design.

WHAT I BRING

🎯 Content Strategy

Building content pillars and calendars that balance education, engagement, and brand promotion.

🎨 Design (Canva)

Feed posts, carousels, quote graphics, and infographics with consistent brand kits.

🎬 Video Editing (CapCut)

Short-form Reels — cuts, captions, and trending audio for higher reach.

✍️ Copywriting

Captions and CTAs tailored to platform and audience, from LinkedIn professional to Instagram casual.

🔍 Trend & Hashtag Research

Keeping content relevant with current trends and discoverable with the right tags.

📊 Reporting Basics

Comfortable in Google Sheets/Excel for tracking performance and content calendars.

FlowSpace — 30-Day Content Strategy

FICTIONAL CLIENT · PORTFOLIO SAMPLE

Project management SaaS for startups & small teams

Goal: build brand awareness and educate small teams on better project workflows, across Instagram and LinkedIn, using a consistent brand voice and visual identity.

FS

CONTENT PILLARS USED

01 Product Education

02 Behind-the-Scenes

Instagram

A day in the life: product team Reel

DAY 3 · WED

Instagram

Poll: Kanban board vs. to-do list

DAY 4 · THU

LinkedIn

3 async habits that save teams hours

DAY 5 · FRI

Instagram

Feature launch: task automations

DAY 6 · SAT

Instagram

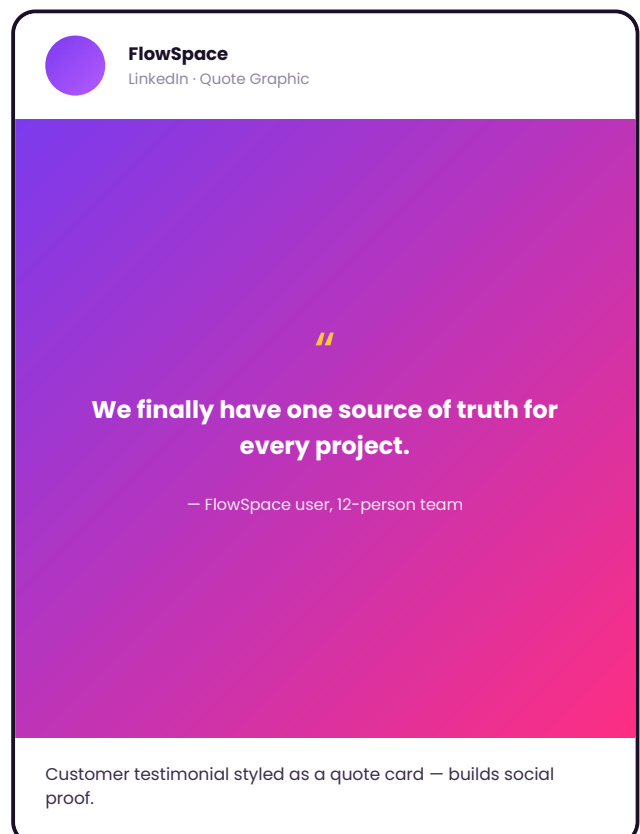

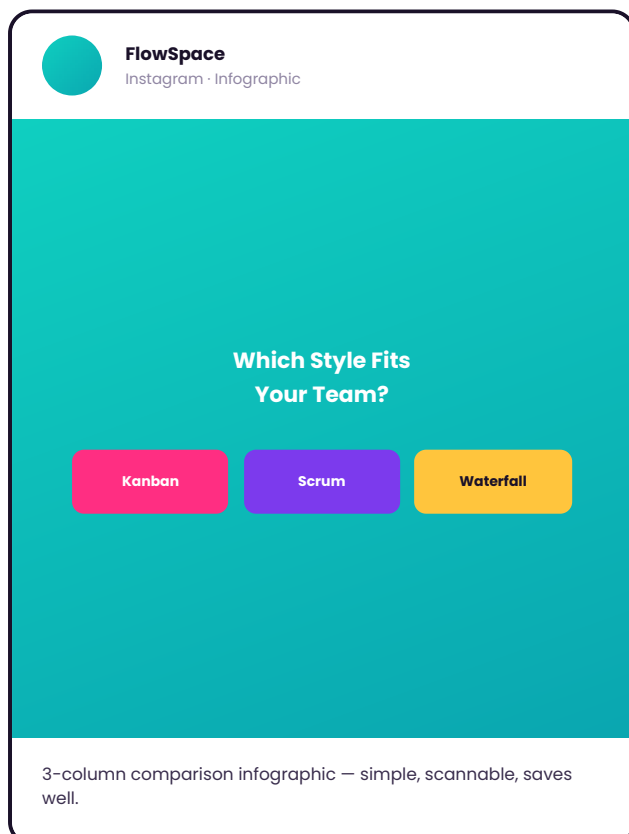

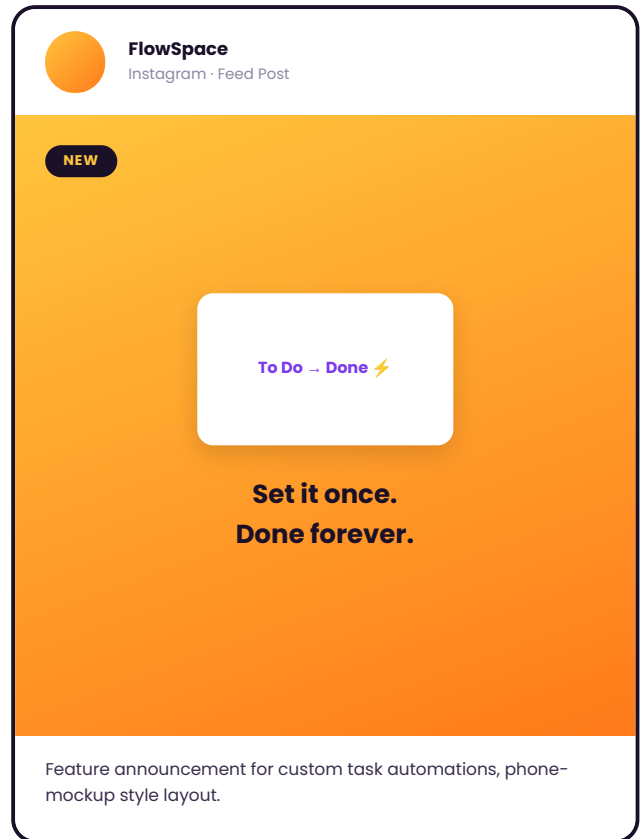

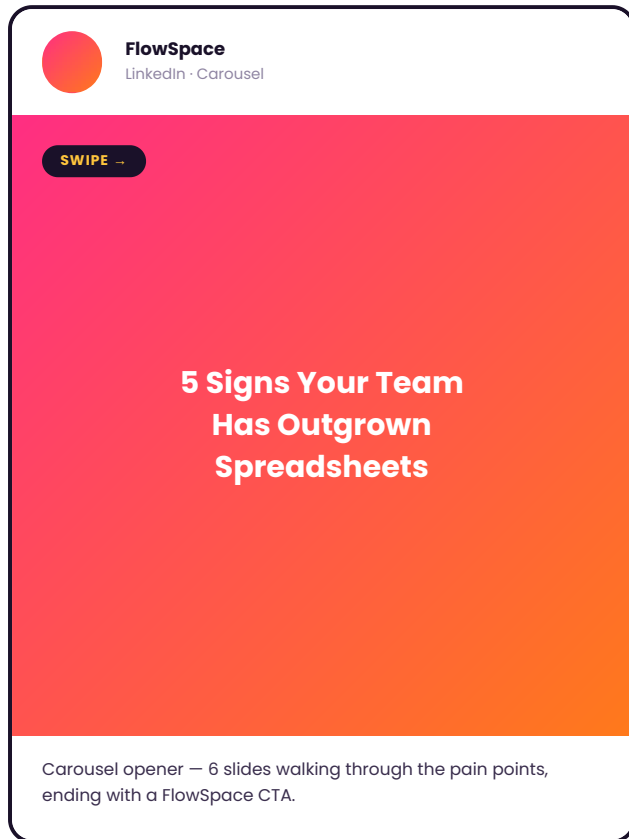

Relatable meme: zero overdue tasks

DAY 7 · SUN

LinkedIn

What we learned shipping in 2 weeks

5 Posts, Designed for FlowSpace

Let's work together 🚀

This portfolio is a sample of how I think through content strategy, design, and copy for a brand from scratch. I'd love to bring the same energy to your team — open to remote and on-site entry-level roles.
